

The First 30 Days

A readiness checklist for pastors and church leaders. You don't have to solve everything — just begin, in calm, before the wave. Work through one week at a time.

Week 1 — Pray & see

- ☐ Set aside time to pray specifically for wisdom about the disruption ahead.
- ☐ Read the core message together with one other leader (revival-disruption site → Read).
- ☐ Name honestly: who in our community is already feeling job loss or anxiety about AI?

Week 2 — Learn

- ☐ Skim the 'Why AI — and Embodied AI' section so you can speak to it plainly.
- ☐ Talk with 2–3 people in tech or affected trades about what they're seeing.
- ☐ Draft a one-page AI policy for your staff (see the AI & the Church page).

Week 3 — Gather

- ☐ Invite a small group of trusted members to pray and think about this with you.
- ☐ Complete the Readiness Self-Assessment together; pick your top one or two gaps.
- ☐ Decide on one visible next step your church will take this quarter.

Week 4 — Take one step in each area

- ☐ **Provision** — identify one practical way to help those losing work or income.
- ☐ **Purpose** — plan a teaching or conversation on identity beyond our jobs.
- ☐ **Belonging** — strengthen one rhythm of real, in-person community.
- ☐ **Hope** — start or renew a simple, sustained prayer rhythm for revival.

Consider this your trumpet. Begin now — and pass it on.
